Therefore, advance planning and prompt notification of changes well in advance of the twenty-four hour limit are necessary otherwise such charges will be assessed to the intended traveler. Please contact your control officer promptly with details of any changes.

Expeditor will pick-up and drop off at airport.

14. Briefing by RSO on Security Situation:

Please see paragraph 9 below. Foreigners have been crime targets recently. TDY visitors staying longer

than two days must come to the Embassy for a security briefing from the Regional Security Office shortly after arrival. Guidance will include helpful dos and don'ts about walking around Maputo, dangerous areas in the city, use of taxis, etc.

#### 15. Medical Services:

Maputo has limited medical facilities. Visitors will be medevaced in the event of a major injury or illness. In the past, we have had visitors nearly die because details of their medevac insurance were not readily available. Post is therefore very strict in not granting country clearance unless we are assured that the traveler is adequately covered if a medevac is required.

Post has been provided the required medevac information.

#### 16. Consular Registration:

All TDY visitors spending more than two work days in Maputo are required to register with the Consular Section in the Chancery to ensure that the Mission has current emergency contact information for each visitor.

#### 17. Financial Matters:

With the exception of the main hotels in Maputo, Mozambique is essentially a cash economy. Credit cards are of limited utility. Vendors will accept U.S. dollars (or South African rand) in lieu of the local currency, the metical. For a day trip to Maputo, we

MAPUTO 00001026 002 OF 003

recommend visitors bring with them USD 100 in cash for spending money. Dollars can be exchanged at any bank or currency exchange facility. Embassy Maputo recommends against the use of travelers' checks, as transaction charges are uniformly high. Please note that Embassy Maputo will need fiscal data in the event that extensive services or goods are required during the visit. There are no currency import/export restrictions in affect at this time. The American Express credit card is accepted by Mozambican Airlines (LAM).

Please note that charge limits are in effect on most credit card transactions, and hotel bills need to be settled every few days.

#### 18. Visas:

Visas are required for entry into Mozambique, and Embassy Maputo urges travelers to have them prior to traveling. Travelers arriving from a country without a Mozambican embassy can get visas at the airport or land border entry points for USD 20 or 300,000 meticaïs. Those arriving from a country with a Mozambican embassy can obtain visas at the airport or land border entry points for USD 25. Diplomatic visitors without visas will have their passports held pending processing of a visa, which requires Embassy Maputo to process a diplomatic note.

#### 19. Security/Threat Assessment:

The biggest threat facing U.S. citizens visiting Mozambique is crime. The State Department has designated Mozambique a critical-threat post for crime. Street crime and vehicle hijackings are common and can be violent. Visitors must be vigilant when out in public areas, and should not display jewelry or other items of high value. Visitors should avoid carrying backpacks or purses, as these can draw unwanted

attention of would-be muggers. Isolated areas, such as along the Marginal (the area along the sea), should be avoided as joggers and pedestrians have been mugged frequently, even during daylight hours.

There are no known terrorist groups active in Mozambique and no current indications that U.S. citizens are being targeted by terrorist organizations.

The police are poorly paid, poorly equipped, and lack the professionalism that U.S. citizens are accustomed to in the United States. Visitors requiring emergency assistance should not rely on local emergency services, but should contact the Marine Security Guard at Post One at 21-49-07-23. Mozambican law requires that all persons carry an identity document, such as a passport, when out in public, and produce it if requested by police. A copy of passport identity and visa pages is acceptable. There are certain areas in the city of Maputo where pedestrian traffic is prohibited, e.g., in front of the presidential offices located north of the Hotel Polana on the seaside of Avenida Julius Nyerere.

Overland travel after dark is extremely dangerous due to poor road conditions, lack of emergency services, and the increased potential for vehicle high jacking. Official Americans serving in Mozambique are prohibited from overland travel outside city limits during the hours of darkness.

TDY visitors spending more than two work days in Mozambique must schedule a security briefing with the Regional Security Officer.

#### 10. Airport Departure Tax:

There is an airport departure tax, payable only in cash in U.S. dollars or in meticaïs, of USD 20 or its equivalent for long-distance international flights and USD 20 or its equivalent for regional flights (those within Southern Africa). A domestic departure tax of 55,000 meticaïs is levied.

#### 11. Airline Reservations:

Changing airline tickets after arriving in Maputo is often difficult. Passenger reservations on all airlines can be changed through the national airline and/or travel agents in South Africa, but reissuing

MAPUTO 00001026 003 OF 003

tickets have proven difficult. Travelers should be sure to confirm onward flight reservations.

#### 12. Transiting Johannesburg Airport:

Please be aware that baggage security is a significant problem at the Johannesburg airport. Many items have been stolen from checked bags, including the checked bags themselves. The items stolen most often are electronics (including I-Pods, digital cameras/cameras, and alarm clocks), toiletries (such as soap, shaving kits and cologne) and shoes (especially expensive running/athletic shoes). A LOCKED BAG DOES NOT ENSURE SECURITY - please put items such as these in your carry-on baggage. One security measure that seems to meet with some success is to have your luggage stretch-wrapped at your point of departure. The stretch-wrapping makes it more difficult for the thieves to gain access to your luggage. Be aware that flights between Johannesburg and Maputo are often serviced by a small plane with little space for carry-on luggage. This may require passengers to check their larger carry-on items. Please ensure your valuables are kept in a bag small enough to carry on your lap to keep them with you at

all times. We take this problem very seriously and are doing what we can to help aid a solution. In brief, please:

- Leave behind irreplaceable valuables;
- Always lock your bags;
- Have your luggage stretch-wrapped when possible;
- Keep your valuables with you in a small carry-on.

#### ¶13. Airline Reservations:

Changing airline tickets after arriving in Maputo is often difficult. Passenger reservations on all airlines can be changed through the national airline and/or travel agents in South Africa, but reissuing tickets have proven difficult. Travelers should be sure to confirm onward flight reservations.

#### ¶14. Health:

Travelers are advised that chloroquine-resistant malaria is present in Mozambique. The most recent guidance from the Department of State Medical Office recommends weekly use of mefloquine as the drug of choice for malaria prophylaxis in chloroquine-resistant areas. Mefloquine must be started one to two weeks before arriving at post. Daily doxycycline is an alternative regimen. Doxycycline must be started three days before arriving at post. Both malaria prophylaxis medications must be continued for four weeks after departing post.
